

La Salle Academy Prospectus

After meeting La Salle Academy Principal, Glenn Carpenter, at the 2023 Lithgow Business Expo, Central West Graphic Design were appointed to produce their 2024 school Prospectus.

Working with Glenn was an absolute privilege and we loved the opportunity to offer a creative edge to their new Prospectus document.

Photography provided by local Tom Evangelidis was a beautiful asset to have on hand when producing the document.

La Salle Academy offers a strong curriculum that has successfully allows their students to transition to University, TAFE, Vocational Education and the workplace.

We were able to convey their values in a bright, creative and modern way which mirrored the La Salle values.

La Salle Academy's motto is 'Big enough to matter... small enough to care' - I believe this was reflected in the publication.
