

‘Shine - sharing hopes and aspirations for the future’

- A CREATIVE WRITING WORKSHOP CONDUCTED AT THE LITHGOW TRANSFORMATION HUB AND THREE LOCAL SCHOOLS

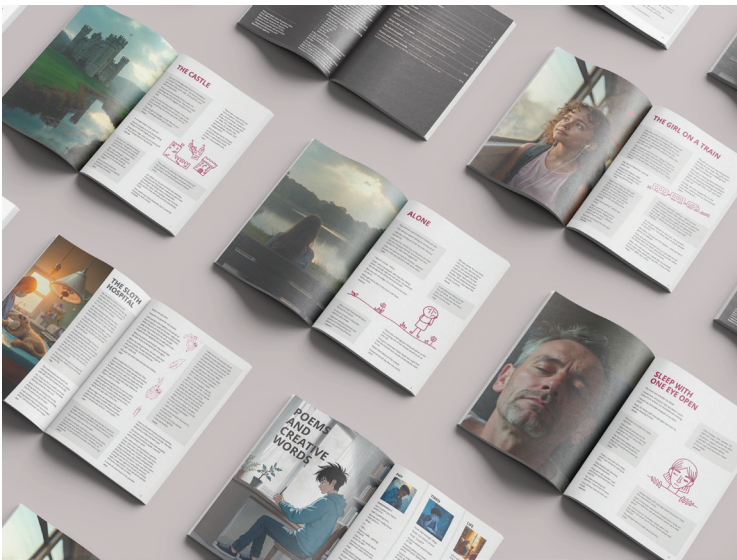

Western Sydney Uni and The Transformation Hub held a creative writing workshop for three local Lithgow Schools - La Salle Academy, Lithgow High School and St Patrick's.

Students wrote short pieces about subject matters on the whiteboard and what that subject meant to them.

At Central West Graphic Design, we transcribed these short prose and created a memorable document for the schools and students so they could see their work in print.

It was hoped that seeing their work ‘published’ would give them encouragement and pride for any future creative writing they wished to undertake.

It also acted as a great souvenir for the workshop.

‘Towards a Lithgow Local Housing Strategy’

- A COLLABORATION WITH WESTERN SYDNEY UNI AND THE LITHGOW TRANSFORMATION HUB

Our team was very happy to be asked to produce Western Sydney Uni and The Lithgow Transformation Hub's research document ‘Towards a Lithgow Local Housing Strategy’.

This document was produced to accompany a session presented at the recent Hub Fest; a community event that explored the key themes of people, place, and planet within the Lithgow LGA.

The day included a combination of academic presentations, industry presentations, community presentations and hands-on activities.

Presentations explored a range of themes and issues that are relevant to our community including Lithgow's economic past, present and future, a proposed housing strategy and innovative approaches to resilient housing and construction, and the potential changes for energy production in our LGA.

A great initiative for our every-growing region.
